## ACTIVE LEARNING THROUGH IMPROVED INTERACTIVITY

Date: 14.04.2021.

Subject Title: Agenda

### O1.A1.1: ICT Interactivity Tool Workshop

Duration	Activity
5 min	Introduction (MV - Aquilonis)
45 min	Lecture: <i>Live/Virtual lectures - properties and disadvantages</i> (PP - Aquilonis)
45 min	Lecture: <i>Audience response systems (ARS) – tools, usage, and results</i> (JP - FER)
15 min	Discussion and questions
15 min	Break
45 min	Partners' reports about ARS - see the preparation assignment (KHK, ZAMS, SEŠ-MB, FER, Aquilonis)
40 min	Lecture: <i>AudIT – main functions</i> (JP)
30 min	Discussion - <i>AudIT (additional) functions</i>

## To prepare for the O1.A1.1 workshop, please:

1. Pick **at least one** audience response system (ARS): Kahoot, Socrative, Poll Everywhere, Mentimeter, Veveox, Aha Slides, GoSoapBox, i2Vote, NetClick, ... or another of your choice.
2. Let other partners know which one you chose in the document *O1-A1-1 Audience response system selection.txt* in *ALTII/Workshop materials [owncloud folder](#)* so everyone tries out a different one. Please check which are already selected – first come, first served!
3. Try it/them out by yourself or, if you manage to organize it, in a classroom. Explore the possibilities and supported functions. If you don't have time to try it out in a classroom, you will be able to do that later for the O1.A1.2 activity.
4. Please prepare a short presentation (10-15 min) of your experience that you will present at the workshop O1.A1.1:
  - A description of the ARS, its usage concept, and supported functions.
  - Which functions would you like to keep in Audit, which more do you need, which do you think should change?
  - Are there issues with the ARS that you reviewed? What can we do to prevent those issues in Audit?
  - Should some functions be added/removed from Audit based on your experience?
  - Should the Audit user interface be changed or made similar to the tool you have tried?
  - ...?
5. Please upload your presentation materials (slideshow and/or supplemental materials) to *ALTII/Workshop materials [owncloud folder](#)* at latest one day before the workshop.
