PROJECT NO.
2020-1-HR01-KA226-SCH-094735

ACTIVE LEARNING THROUGH IMPROVED INTERACTIVITY

Co-funded by the
Creative Europe Programme
of the European Union

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

O1.A1.1 - ICT Interactivity Tool Workshop (April)

- An introduction to audience response systems/clickers
- Discussion about experiences, potential, and needs
- Defining the target functions and properties on the audience response system that will be implemented within the project

To prepare, please:

- Pick one of the tools: Kahoot, Veveox, Poll Everywhere, Aha Slides ... or another
- Try it out!
- Prepare to discuss: which functions would you like to keep in AudIT, which more do you need, which do you think should change?

O1.A1.2 Tests on the use of tools for school subjects (April)

- Gain some experience with the tool you have chosen or find a new one
- Try it out in a classroom session with a group of pupils/students

After you complete the assignment, please:

- Prepare a short report of your experience
- Are there issues we can prevent in AudIT based on your experience?
- Should some functions be added/removed from AudIT?
- Should the user interface be changed or made similar to the tool you have tried?
- ...?

O1.A1.3 *Confirming the functionality of AudIT* (April)

- Discussion of partners' experiences with audience response systems
- Should we change something about AudIT functions?
- Finalize AudIT specifications!

O1.A1.5 User Interface Verification Workshop (April)

- Test the AudIT mockup interface
- Easy to use? Understandable? Pleasing to the eye?
- Discuss any changes required to help prepare the final requirements!

After you complete the workshop, please:

- Check and make final changes to the requirements document

O1.A2.1 Interactivity workshop and defining the structure of interactivity self-learning materials (April)

- Lectures, groupwork, and partners' short presentations
- Developing a common understanding of interactivity in teaching and learning
- Compiling workshop content to a self-learning material

To prepare, please:

- Prepare a 10-minute lecture from a course that you teach about something that students/pupils find challenging. Be the teachers and let other workshop participants be students.

O1.A2.2 Identification of teacher and student needs (May)

- What exactly do you need regarding interactivity?
- What would you like to achieve?

As the result of this activity, please prepare:

- A document containing your needs
- Organizational, practical, technical
- For both your pupils and you/teachers

O1.A2.3 Workshop on harmonization the needs of teachers and students (May)

- Starting from the partners' input from O1.A2.2, we will discuss how to meet those needs methodologically

As the result of this activity, please update:

- the document containing your needs
- Organizational, practical, technical
- For both your pupils and you/teachers
- With how they can be met

O1.A2.4 Initial interactivity methodologies based on school subjects with examples (June)

- Partners prepare and develop initial methodical approaches to increasing interactivity in teaching the subjects they chose
- How would you advise others to do the same?

As the result of this activity, please create:

- a document containing your proposed methodological approach to increase interactivity in a school subject of your choice

Dissemination and project management

Dissemination

PROJECT: Active learning through improved interactivity
 Project coordinator: Aquilonis d.o.o.

DISSEMINATION BY MONTH:

Indeks	Time	Activity	Who	Audience	Intention	Key message	Desired impact
A1.1	03/2021	Creation of logos, memos, web pages, storage and collaboration spaces; creating the visual identity of the project	Aquilonis	Community (local, national and international level)	Create forms and network sites for communication	Create unified forms and strengthen the connection of partners with the Project, announce project activities	Strengthening the sense of belonging, connecting between partners, identification with the project; dissemination and dissemination of results
A1.2	03-04/2021	Letters to schools in partner countries	All project partners	Schools in partner countries; local and national level	Presentation of project goals, call for cooperation	An invitation to include as many schools, teachers, educators as possible	A larger number of schools that will be indirectly involved in project cooperation, dissemination and dissemination of results
A1.3	05-06/2021	1. Newsletter	Aquilonis compiles in English and Croatian, partners translate into local languages	Teachers, schools, companies, local, national and international level	Inform the wider community about the project's existence and needs - presenting the project's objectives	Call for involvement in project activities	Increased number of stakeholders who learned about the project, increased desire of stakeholders to monitor project activities; dissemination and dissemination of results
A1.4	03/2021-06/2022	Project website - Publications on websites	All project partners	Community (local, national and international level)	Arousing interest in a wider group of stakeholders; presentation of goals	Promoting the project, getting acquainted with the desired intellectual result, an invitation to get involved in activities	Increasing the number of stakeholders familiar with the project, reaching out to more influential people and experts, expanding the impact of the project, dissemination and invitation to use the results
A2.1	06/2021	Project website - Publications on websites	All project partners	Community (local, national and international level)	Inform the public about the workshop held and about the established initial methodologies for case studies with examples	Encourage stakeholder interest	Increasing interest in project activities, dissemination and call for use of results

Logo/web/storage space

Project management

Upload on Owncloud – on your folders:

- Decision - appointing project team members
- Contract of employment – for every team member
- A statement by the head of the organization that a team member is employed by the institution
