or import slides

Presentation mode

- Fullscreen interface after publishing the presentation
- The current slide is always shown to participants via share link/alphanumeric code
- The audience follows the presentation – slides are automatically updated sees interactive slides and can interact with them
- The lecturer can choose to
 - show/hide results
 - add time limit, correct answers
 - do it all live in their web browser

Additional features

- Quizzes & mini competitions
 - Sequential questions with time limit
 - Control over submitted answers, automatically generated scoreboard
- Classroom participants definition
- Mathematical expressions support
- Sharing and using others' quizzes

Take-away

- Very similar to Aha Slides
- Good slide synchronization with clients – auto updated
- Registration required, no word cloud

THANKS!
