Vevox

In schools we use ...

- Educational infrastucture
 - LMS (mostly **Moodle**, MS Teams ...) and
 - Video Conferencing software (Zoom, Vox, MS **Teams** ...)
- Our goal (wish) for Educational infrastructure
 - If possible integrated in one solution!
- When looking for new tool: Why, what is educational gain?
 - Has to be ... simple, easy to use, „1 click solution“, with plain interface, has big comunity...

Vevox

- <https://www.vevox.com/>
- Simple Realtime Polling tool
- Simple to use (similar to others ... 😊)
- Web access or mobile app
- No account needed for users/learners
- Interface: **Sessions with Polls/questions**

- „Session“ contains questions (Poll)

The screenshot displays the Vevox interface. On the left, a session card for 'Testing vevox' (ID: 189-439-428) is shown. It includes a 'CREATE SESSION' button and a 'STARTED' status with a clock icon indicating it started 12 minutes ago. Below the session card, there are buttons for 'VIEW SESSION' and 'PRESENT'. A blue arrow points from the session card to the main 'Polls' management screen.

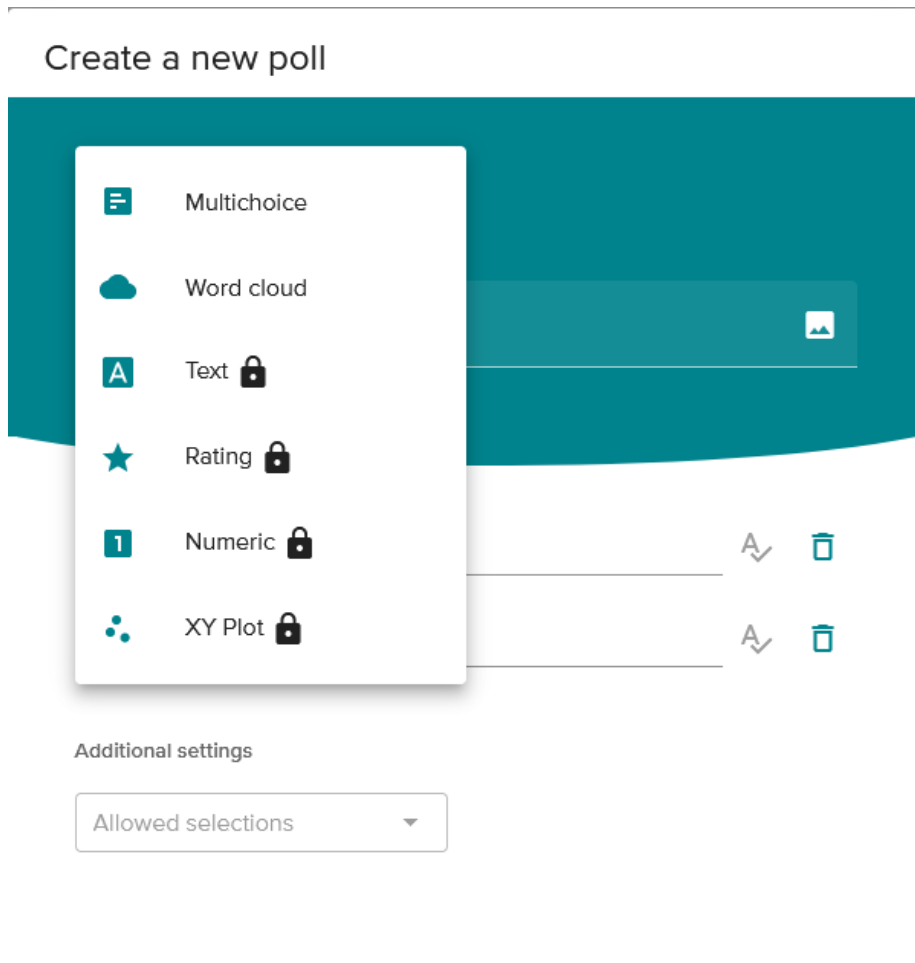

The main 'Polls' screen shows a list of poll questions. The second question is highlighted with a blue box:

- 1. Technology: Firefox is a web browser owned by which company?
▶ OPEN POLL
- 2. Technology: How many characters were originally allowed in a 'Tweet' when Twitter first launched in 2006?
▶ OPEN POLL
- 3. What types of questions you mostly use?
▶ OPEN POLL

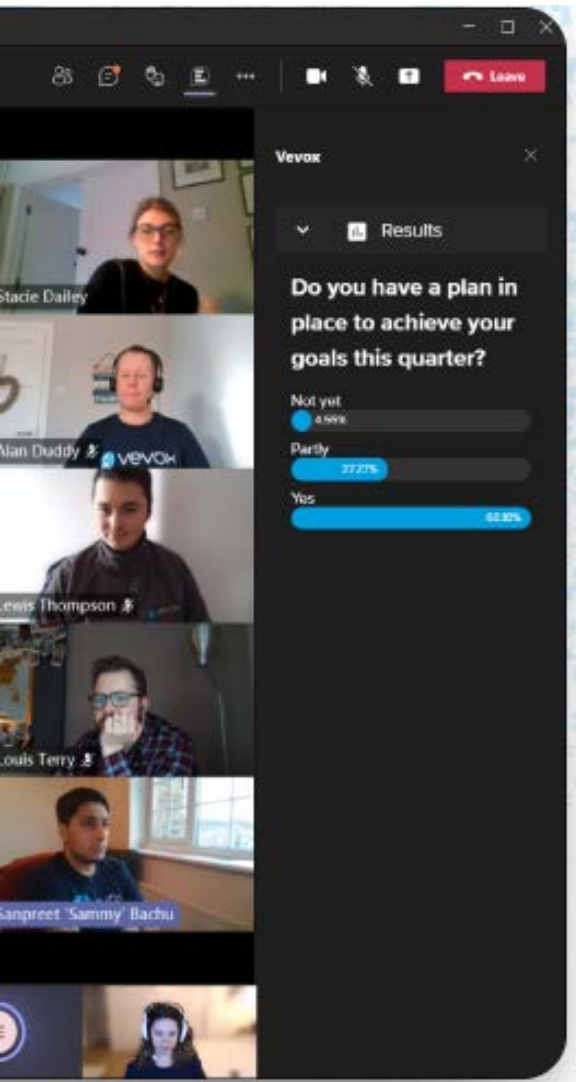

At the top of the poll management screen, there is a message: 'The session is inactive. For participants to answer polls, you must first start the session.' with a 'START SESSION' button. Below this message are buttons for '+ CREATE NEW' and 'IMPORT'. A 'Select all' checkbox is also present.

On the right side of the interface, there is a 'PRESENT FULLSCREEN' button and a preview of the session as it appears to participants. The preview shows the Vevox logo, the session ID, a QR code, and a message: 'The session has not started'. Below the preview is a 'DISPLAY LEADERBOARD' button. A message at the bottom of the preview area states: 'No scores are currently available for the leaderboard'.

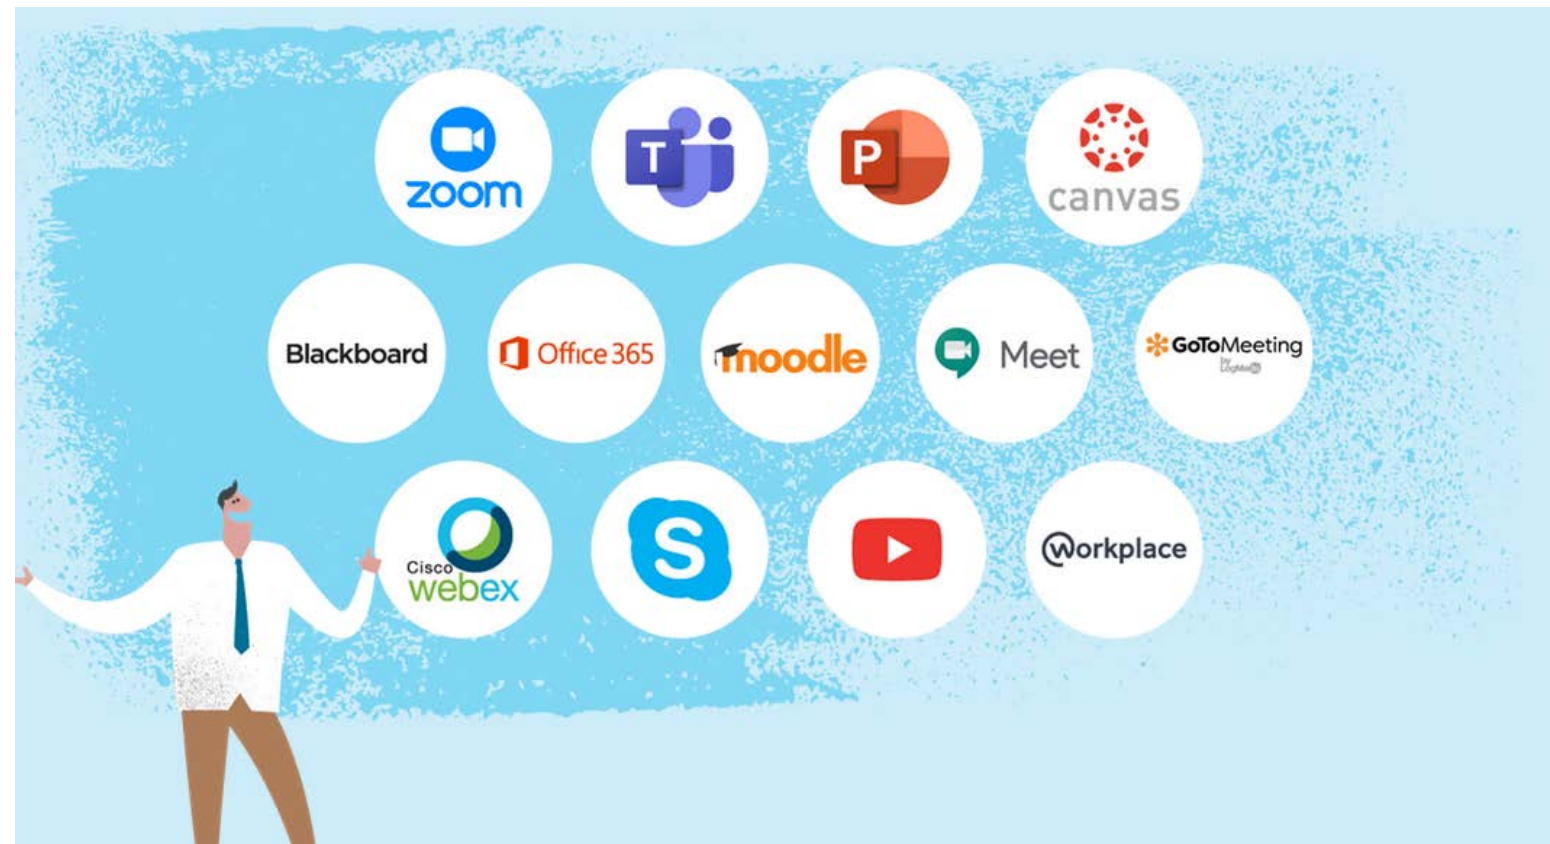

- Supported Question types ...
- **Polls** – real time responses

Let's try

- <https://www.vevox.com/>
- For users/learners: Vevox.app

A screenshot of the Vevox app's "Join Session" screen. The screen is white with a teal border. At the top is the Vevox logo. Below it is a text input field labeled "Enter Session ID". Underneath the input field is a grey button with the text "JOIN SESSION". Below the button is a line of text: "By continuing, I accept the [Terms & Privacy Policy](#)". At the bottom is a white button with a teal border and the text "ABOUT VEVOX".

Pro and contra

What is good

- Easy to use; simple
- MS login
- Good integration options
- Elements of Gamification (Best score students are winners ...)

What could be better

- Restrictive free account
- No (limited) user control
- Nothing different or unique (Should it be?)
- Weak professional Community
- Different question types
 - Picture based multichoice
 - Video response
 - Audio response
 - ...
